EXPERIENCE

AI Model Evaluator | **Alignerr** | San Francisco, CA, USA (Remote)

Sep 2025 – Mar 2026

- Evaluated LLM-driven system outputs for quality, correctness, and alignment with user intent using structured rubric-based frameworks.
- Identified hallucinations, inconsistencies, and edge-case failures in production models across diverse prompt-response scenarios.
- Tested prompt variations systematically to uncover behavioral patterns and failure modes, informing iterative model improvements.

Data Scientist (LLM Engineering) | **Turing** | Palo Alto, CA, USA (Remote)

Oct 2024 – Feb 2026

- Engineered robust LLM-driven Python solutions deployed in production environments serving large enterprise clients.
- Designed and stress-tested prompt strategies, evaluating response quality across edge cases to ensure reliability in mission-critical workflows.
- Applied advanced statistical modeling and ML techniques to analyze complex datasets and deliver actionable business insights.
- Maintained rigorous documentation and consistently met strict delivery deadlines while managing multiple client engagements.

Data Analyst | **CareerFoundry GmbH** | Berlin, Germany (Remote)

Jun 2022 – Feb 2026

- Leveraged Python, SQL, and Pandas to extract, transform, and analyze data; produced targeted reports surfacing trends and business patterns.
- Built interactive dashboards and visualizations in Tableau and Power BI to support data-driven decision-making across departments.
- Collaborated directly with business stakeholders to translate data needs into actionable analytical outputs.

Artificial Intelligence Researcher | **Health Institutes of Turkey (TÜSEB)** | Istanbul, Türkiye *Dec 2023 – Jun 2025*

- Conducted deep learning research focused on medical image analysis; contributed to internationally presented findings.
- Performed systematic literature reviews and maintained detailed experimental records for reproducibility and accurate reporting.
- Collaborated with interdisciplinary teams and represented the institute at international conferences.

Senior Mentor — Data Science, ML & AI | **Udacity, Inc.** | California, USA (Remote) *Jan 2020 – Jul 2021*

- Delivered structured technical feedback on student AI/ML projects, guiding optimization of models built with PyTorch, TensorFlow, and Keras.
- Conducted code review sessions and curated supplementary resources to reinforce advanced Data Science and AI concepts.

Software Engineer | FOPA Company Ltd. | Yaoundé, Cameroon

Mar 2018 – Nov 2020

- Led integration of Computer Vision, NLP, and ML solutions using Python, PyTorch, TensorFlow, and Scikit-Learn.
- Championed Agile methodologies and GitHub-based workflows across project teams to enforce development best practices.

EDUCATION

Doctor of Philosophy — Computer Engineering	Expected 2029
Yıldız Technical University · Istanbul, Türkiye	
Full scholarship for academic excellence	
Master of Science — Computer Engineering	2025
Yıldız Technical University · Istanbul, Türkiye	
Full scholarship for academic excellence	
Bachelor of Engineering — Computer Engineering	2016
University of Buea · Buea, Cameroon	

CERTIFICATIONS

GitHub Copilot · Microsoft	2026
AI for Medicine Specialization · DeepLearning.AI	2024
Machine Learning Specialization · DeepLearning.AI	2024
Data Scientist Professional Certificate · DataCamp	2023
Data Analyst Professional Certificate · DataCamp	2023
Data Analyst Professional Certificate · Google	2023
Applied Data Science Lab · WorldQuant University	2023

PUBLICATIONS

Asoh-Itambi, C. et al. (2024). Clinically Significant Prostate Cancer Detection and Diagnosis in Bi-Parametric MRI with Deep Learning Models. *9th International Conference on Computer Science and Engineering (UBMK)* (pp. 719–724). IEEE.

Asoh-Itambi, C. et al. (2026). Per-Breast Cancer Classification using Transfer Learning with Vision Mamba. *3rd International Conference on Emerging Trends and Applications in Artificial Intelligence (ICETAI)*. Springer.

TECHNICAL SKILLS

Languages: Python · R · SQL · Scala · Bash/Shell · Java · HTML · CSS · JavaScript

ML / AI: PyTorch · TensorFlow · Keras · Scikit-Learn · OpenCV · Hugging Face Transformers · LangChain · LangGraph · NLTK · spaCy · RLHF

Cloud & MLOps: Amazon SageMaker · Google Vertex AI · Azure ML · GCP · Docker · Git · Hugging Face Hub · OpenAI API

Data & BI: Pandas · PySpark · MongoDB · Cassandra · Tableau · Power BI · Excel · Google Suite · Jupyter · Google Colab · RStudio · Kaggle
